### Style Inspiration // Paris

Cobblestone lanes, sidewalk cafes, lush flower markets—no city is more charming than Paris in the springtime.

#### Go There:

Experience the City of Lights like a true Parisian with your own pad-à-borne courtesy of **Haven in Paris**, an apartment-rental service offering flats in the choicest arrondissements. Stroll the brasserie- and boutique-lined boulevards of Le Marais, stopping for coffee at **Marché des Enfants Rouges**, the oldest covered market in the city, before tempting yourself with the wares at **Les Mauvaises Graines** (think urban garden supplies) and **Colette** (think fashionable everything). For a night out, try the latest darling of the French food scene, **Au Passage**—a tapas and wine bar that won the 2012 Prix Fooding Carrouf. Bon appétit!
